Report on BodhiTree Project

BodhiTree, an open source platform developed at IIT Bombay

Date: 20/12/2020

Objectives of Event:

1. Establish LMS features provided by BodhiTree to conduct classes
2. To understand the power of MOOCs with a Learning Management System (LMS).

No.of students participated : 210

This initiatives we have implemented at Sinhgad Institute of Management,Pune.Faculty members and students are suggested to register and use the platform.This has been migrated on www.sinhgad.edu sub domain bodhitree

BodhiTree combines the power of MOOCs with a Learning Management System (LMS). Teachers can assemble multimedia books made of chapters which in turn are composed of sections which include interactive videos (interactivity is achieved via periodic pop-up quizzes embedded within the video); auto-graded practice problems; auto-graded/grading-assisted lab exercises; reference material; slides etc. They can source content for this book from different sources, including adding their own content to create a customized book for their students. They can then use this book in conjunction with the rich set of LMS features provided by BodhiTree to conduct classes: 1) enroll students 2) impose weekly schedules; 3) interact with students via discussion forum/emails; 4) conduct labs/quizzes; 5) monitor student progress; 6) share mid-term/final marks with students etc. BodhiTree has particularly good support for Engineering colleges (Latex, Virtual labs, Software Labs etc).

Project Leaders: Prof.Balchandra Dodi & Prof.Santosh Deshmukh

Fig. BodhiTree MOOCs configuring on server

----- Forwarded message -----

From: **no-reply** <admin@aicte-india.org>

Date: Tue, Sep 22, 2020 at 8:14 AM

Subject: BodhiTree, an open source platform developed at IIT Bombay- reg.

To: <directormca_siom@sinhgad.edu>

Dear Principal/Director,

It is great pleasure to announce **BodhiTree**, an open source platform developed at IIT Bombay, to empower teachers to conduct online classes (and later even regular classes once pandemic ends).

BodhiTree combines the power of MOOCs with a Learning Management System (LMS). Teachers can assemble multimedia books made of chapters which in turn are composed of sections which include interactive videos (interactivity is achieved via periodic pop-up quizzes embedded within the video); auto-graded practice problems; auto-graded/grading-assisted lab exercises; reference material; slides etc. They can source content for this book from different sources, including adding their own content to create a customized book for their students. They can then use this book in conjunction with the rich set of LMS features provided by BodhiTree to conduct classes: 1) enrol students 2) impose weekly schedules; 3) interact with students via

discussion forum/emails; 4) conduct labs/quizzes; 5) monitor student progress; 6) share mid-term/final marks with students etc. BodhiTree has particularly good support for Engineering colleges (Latex, Virtual labs, Software Labs etc).

BodhiTree is open-sourced and free to use. It's installation is very easy. An individual college or school can install and host an independent instance of BodhiTree either on their premises or on the cloud, with full control over the students'/teachers' data and content.

We strongly encourage your institution to adopt this platform. If you are interested in using the platform, please visit <https://garuda.bodhi.cse.iitb.ac.in/> On this website,

1. You can fill a form to express interest in adopting the platform (Link: <https://docs.google.com/forms/d/1fd3ZqPwGt25E5DLeEpVZQBX0WmYm6OuMDghfyqI3hZM/edit?usp=sharing>)
2. You can see the required server configuration in case you want to install the server on your premises or on the cloud.
3. You can see a small 5min video of BodhiTree which demonstrates its features
4. You can explore the platform further by signing on the website. You can explore any of the available courses as a student (we specifically recommend seeing "Bodhi Tree and Safe Tools").

Both IIT Bombay and AICTE will provide needed guidance to help you install as well as run your courses over the platform. All applicants will receive detailed instructions on how to proceed further shortly after the deadline.

Hello,

Thank you for your interest in BodhiTree. You likely signed up on BodhiTree in response to the email from AICTE.

As a next step, we request you to kindly fill the form

at: https://docs.google.com/forms/d/e/1FAIpQLSc8mOGQNb9p7h_KIDtC_H3xfiUpXpTdwXdQafSLuBhYSHx3aQ/viewform

Note that the form link given on our website (<https://garuda.bodhi.cse.iitb.ac.in/>) yesterday (22 Sep) was incorrect due to a configuration error. We have corrected the link as of 23 Sep 10am, and the corrected form link is given above. If you filled the (incorrect) form prior to 10am on 23 Sep, we request you to kindly fill the corrected form above. We apologize for the inconvenience. We look forward to working with you to setup BodhiTree for your college/institute.

Thanks and Regards,

Bhaskaran Raman, on behalf of the BodhiTree team.

Professor, Dept of CSE, IIT Bombay.

BodhiTree needs the following server configuration, depending on the number of students it is required to support.

Students (upto)	Configuration	Cloud Server Cost (per month ; from linode.com)	Physical Server Cost (one time cost; approx)
1000	8 GB RAM, 4 CPU Cores, 160 GB SSD	Rs. 3200	Rs 50,000
2000	16 GB RAM, 6 CPU Cores, 320 GB SSD	Rs 6400	Rs 1,00,000
4000	32 GB RAM, 8 CPU Cores, 640 GB SSD	Rs 12800	Rs 2,00,000

** Linode.com is one of the cheapest cloud service provider

If sufficient institutions want third party services to install and manage BodhiTree, we will put in a place a service for this and negotiate a good price. This third party can provide one time installation as well as maintenance/support during use. In this model, you can either 1) still pay for the server yourself (see the table); third party will just install and manage the software or 2) outsource the entire operation to the third party.

Data Science & Data Analytics with Python And" R"

Bundled with Microsoft International Certification Exam MTA -98-381

Data analytics fundamentals

Data science fundamentals

- Turning Numbers into Better Business Decision
- The Background to Data Analyst & Data scientist
- Task to be done by Data Analyst & Data scientist

"R" for Data science and analytics

- Intro to R – Programming tool for Analysis
- What is R- Programming
- Where it can be used

Some Special charts for Data Analysis

- Explains how to use charts - waterfall, quadrant and ranking charts – Through R – Programming

Analysis with Pivot Tables with R – Programming and Excel

- Teaches you how to use Pivot Tables to reduce, collate, analyze and compare data.

Decision Making with Compared Scenario (Scenario Manager)

- Explains how to use Data Tables to compare scenarios for decision-making.

Time Series and forecasting with R-Programming and excel

- Gives you the competency required to be able to forecast future values based on past experience. Topics include fitting trend line curves to real-life data and selecting the right kind of trend line to use as the basis for forecasting. Linear forecasting techniques are also developed using charting methods as well as analytic methods on the worksheet.

Time Series and forecasting with R-Programming and excel

- Gives you the competency required to be able to forecast future values based on past experience. Topics include fitting trend line curves to real-life data and selecting the right kind of trend line to use as the basis for forecasting. Linear forecasting techniques are also developed using charting methods as well as analytic methods on the worksheet.

Introduction to Regression with R-Programming and Excel

- Explains multiple regression to identify which individual business inputs are most strongly

Python for Data science

- Learn how to install Anaconda and work within the iPython/Jupyter environment, a powerful framework for data science analysis
- Work with Python data science packages including Numpy, Pandas, Scikit and Matplotlib.
- Read in data from different sources (including webpage data) and clean the data
- Carry out data exploratory and preprocessing tasks such as tabulation, pivoting and data summarizing in Python
- work with real life data collected from different sources

- Carry out data visualization and understand which techniques to apply when.
- Work around most common statistical data analysis techniques in Python including t-tests and linear regression Understand the difference between

Machine learning and statistical data analysis

- Implement different unsupervised learning techniques on real life data.
- Implement supervised learning (both in form of classification and regression) techniques on real data.
- Evaluate the accuracy and generality of machine learning models.
- Build basic neural networks and deep learning algorithms
- Use the powerful H2o framework for implementing deep neural networks

Subject: DATA SCIENCE & DATA ANALYTICS MAPPED TO MICROSOFT MTA PYTHON CERTIFICATION (98-381) | Confirm your registration on dated 30th Jan 2019

To:

Dear student,
Greetings!!!!

Congratulations you are eligible for scholarship offer.

we hope that the seminar gave you more clarity on the trends of current market scenario. We expect positive response from your end.

The details of the workshop are:↓

Technology : Data Science & Data Analytics using Python and R

Duration 24 hrs +

Workshop & Examination Venue : Your College

!!Scholarship offer is available!!

After Scholarship discount fees is

Fees Rs 2880/+ 18% gst = Rs 3398/-

After successful completion of workshop & Certification Exam you will get below certificates :

1. MTA(Microsoft Technology Associate) - PYTHON
(98-381)

2. Course Completion (DATA SCIENCE & DATA ANALYTICS USING R AND PYTHON)

3. Project Completion

Registration mode : offline , online, paytm, cheque

A) CASH : YOU HAVE TO SUBMIT THE CASH TOMORROW DATED 30TH JAN 2019 TO BELOW COORDINATORS.

AMEY KHANDALKAR (MCA - II - DIV A)

GUDDU GUPTA (MCA - II - DIV B)

B) CHEQUE - IN FAVOR OF

" KNOWLEDGE SOLUTIONS INDIA"

C) PAYTM :

NAME : RAJKUMARSUDHIR BHUNIA

PAYTM NO. : 8087601895

D) ONLINE PAYMENT : URL IS

<https://www.instamojo.com/@Microsoftcertifications/>

Workshop Duration : 24 hours

No. Of Days : 4 To 5 Full Days.

Workshop will be conducted first by Industry expert professional

Project will be assigned to you that you have to complete in the given duration after Workshop completion

Below are the details ↓

1. After successful completion of workshop you will get sufficient time to prepare on Exam Practice Set.

2. Once your preparation is done we will take your Practice Mock exam.

3. If you are not scoring good in practice Mock exam will conduct your Revision session.

Note :(if lab is available will conduct in college, if labs are not available will conduct revision session online.)

4. Then you have to appear for Final Microsoft Certification Exam.

*Imp Note : Your college will provide us the suitable slot for the workshop in which students are comfortable to attend the same. Or Else

we are planning to conduct your workshop immediately after your exams so this will not hamper your academic schedule.*

Kindly revert back in case of any query and share the mail with all your interested friends

Regards,

Microsoft Certification Team

INTERNSHIP AGREEMENT

This is an agreement among _____ (“Intern”) of the **Sinhgad College of Commerce, Vadgaon(BK)** and **Gigante Technologies Pvt. Ltd.** The purpose of this educational internship is for Intern to learn about Company’s business and to gain valuable insight and experience.

The term of this internship begins on _____ & ends _____

Conditions of the Agreement::

- The internship is related to an educational purpose and there is no guarantee or expectation that the activity will result in employment with the Company.
- The education received by the Intern from the internship is for the express benefit of the Intern.
- The Intern does not replace or displace any employee of the Company.
- The Intern will receive direct and close supervision by an appropriate supervisor.
- The Company does not derive an immediate advantage from the activities performed by the Intern.
- Intern is not entitled to wages or any compensation or benefits for the time spent in the internship.
- Company is not liable for injury sustained or health conditions that may arise for the unpaid intern during the course of the internship.

The Intern specifically agrees to and acknowledges the following::

- This internship is educational in nature and there is no guarantee or expectation that the internship will result in employment.
- Company may at any time in its sole discretion, terminate the internship without notice or cause.
- Intern will maintain a regular internship schedule determined by the Intern and their supervisor.
- Intern will demonstrate honesty, punctuality, courtesy, cooperative attitude, proper health and grooming habits, appropriate dress and a willingness to learn.
- Intern will obey the policies, rules and regulations of the Company site and comply with the Company’s business practices and procedures.
- Intern will furnish his/her supervisor with all necessary information pertaining to my

unpaid internship, including related assignments and reports.

- Under no circumstances will Intern leave the internship without first conferring with Intern's supervisor.
- Transportation to and from the internship site is the responsibility of the Intern.
- While Intern is on the Company premises, he/she is considered an employee or agent of Company for any purposes, including but not limited to workers compensation.
- Intern assumes all of the risks of participating in the internship program. In consideration of the opportunity afforded to the Intern to participate in the internship program, Intern hereby agrees that he/she, his/her assignees, heirs, guardians, and legal representatives, will not make a claim against Company or any of its affiliated organizations, or either of

their officers or directors collectively or individually, or any of its employees, for the injury of death to Intern or damage to his/her property, however caused, arising from his/her participation in the internship program. Without limiting the generality of the foregoing. Intern hereby waives and releases any rights, actions, or causes or action resulting from personal injury or death to him/her, or damage to his/her property, sustained in connection with his/her participation in the internship program.

I understand that this unpaid, learning experience is not employment and that Intern is not entitled to wages or a promise of employment at the completion of the unpaid structured learning experience.
