

### 6.5.1 IQAC CONTRIBUTION: INCREMENTAL IMPROVEMENT

Every activity related to academics, research and development, placement, and alumni is closely supervised by IQAC. The institute's academic procedures now have uniformity and quality thanks to IQAC's standardization of academic practices. The outcomes and placement have gradually improved as a result. IQAC also provides faculty mentorship for research publications, patent filing, participation in conferences, seminars, and workshops, among other activities. The involvement and publication of academic members have gradually improved. The training and placement programs that IQAC oversees and directs have improved internships and placements gradually. If the IQAC follows the guidelines. The number of employees at the institute pursuing and finishing PhDs has increased gradually.
