Report on
Six Sigma Green Belt Certification Course
In Association With
Asian Institute of Quality Management Pune
Lean Six Sigma Green Belt Certification Course
Batch 2023

……

Every year Sinhgad Institute of Management Pune conducts a Lean Six Sigma Green Belt Certification Course at our Institute for the Management and Engineering students of Pune. Six Sigma is a methodology that helps improve business process by using statistical analysis. It is data driven and highly disciplined methodology and approach that ensure elimination of defects in any type of business or organizational process.

This year Lean six sigma Green Belt was started on 15th June 2023 at Sinhgad Institute of Management, Vadgaon (Bk), Pune. Before starting the event welcome ceremony was organized by lightening the lamps. The keynote speaker was **Mr. Shreeniwas Bhagwat** Trainer Asian Institute of Quality Management. During all the three days, there was good interaction among the students and the trainer related to the queries of students. The details of this year's program is as below.

Name of Event: Lean Six Sigma Green Belt Certification Course

Dates of Event: 15th June, 16th June and 19th June 2023.

Venue: Seminar Hall, Sinhgad Institute of Management, Vadgaon (Bk), Pune

Number of students participated: Total Participants 42

Organized by: Sinhgad Technical Education Society's, Sinhgad Institute of Management,

Sinhgad Institutes
Vadgaon (Bk), Pune

Speaker: Mr. Shreeniwas Bhagwat Asian Institute of Quality Management Pune

Event Coordinator: Dr. Khawaja Mubeenur Rahman, Associate Professor, Sinhgad Institute of Management, Vadgaon (Bk), Pune

Six Sigma Green Belt Certification Course is designed for 24 hours duration. The course was conducted on 15th June, 16th June and 19th June 2023 from 9.00 am to 5.30 pm through offline mode. Total 42 students have appeared for this course from different Institutes across Pune.

MCQ test was conducted on 24th June 2023 regarding assessment, evaluation and grading of students. As this time we have conducted this course through offline mode. So the examination was also conducted through offline mode comprising of a 100 marks MCQ test. Time allotted to answer to the students for solving the test paper was 100 minutes. Mostly all the students have cleared this exam with good grades and marks.

As per the feedback of participants, the course was appropraitely designed and structured in easy way so that everyone can understand the basic concepts and points. All Study material were provided in e-book, pdf, Video recordings formats etc.

At the end of the session everyone has shared their positive feedback with the speaker person.

Activity Report

Activity Title	"Java Programming"	**Date &Time**	13th October 2022, 11am Onwards
Activity Category	ICT: Webinar	**Activity Venue**	G10
Participants	MCA I Sem I	**Numbers of Participants**	150
Name of the Organizing Institute	Sinhgad Institute of Management	**Faculty Coordinator**	Prof. Balchandra Doddi

Speaker:

Mr. Vijay Vishwakarma
Technical trainer and Asst. Manager
Geometric Global Ltd

Purpose:

1. To enable the students to understand the core principles of the Java Language.
2. Use AWT tools to produce well designed, effective applications.
3. Students will be able to develop server-side applications by using database
4. Students will be able to design application by using Servlets, JSP, JDBC

Sinhgad Institute of Management have organized a webinar on Java Programming on Thursday, 13th October 2022 from 11am onwards at G10 (Ground Floor).

2. Introduction

In every economic system, some units which may be individual or institutions are surplus-generating, others are deficit-generating. Surplus-generating units are called savers while deficit-generators are called spenders. In our country, at spectral level, households are surplus-generating while corporate and government are deficit generating. This is, however, true only at an aggregate level. One would definitely come across individual households who are deficit generating and corporate bodies who are surplus generating at some point of time. The question that arises here is: What do the surplus-generating units do with their surpluses or savings? Specially this question arises in front of youth of the country who have many more innings to play.

As the complete training program was conducted in association with NISM i.e. National Institute of Securities Markets. NISM is a public trust established in 2006 by the Securities and Exchange Board of India (SEBI), the regulator of the securities markets in India. The institute carries out a wide range of capacity building activities at various levels aimed at enhancing the quality standards in securities markets. It works for the Indian securities market, having taken major strides to carve a niche for itself within the global securities markets. The institutional milestones which enabled its journey are reflected in improved market microstructure, performance and innovations. The part of their journey they have joined hands with Sinhgad Institute of Management to deliver the securities and investment training to its students.

This is an introductory training delivered to students on the fundamentals of investments. Which has covered topics such as corporate and government securities, real property and financial intermediaries, risk-return tradeoff, mutual funds, security markets, stock and bond valuations, security analysis, and derivatives.

Today's youth are very aspiring and having the role models like Warren Buffett and admires his strategy to earn more with less and wants to become the successful investor. As per is true advice to youth of the country, to generate more number of source of income if they need to

spend the satisfied and successful life. So to obliterate the aspiring thirst of our youth generation we have conducted the 10 hours session for 3days by one of the representative/ trainer from SEBI, Mr. Rohit Waram, who elaborated more on how they can either invest or hold their savings in the form of liquid cash. Holding liquid cash is required to meet transactionary, or precautionary or speculative needs.

3. Objectives

The aim of this workshop is to nurture the philosophy of the income and saving of that income. The other specific objectives of this workshop is mentioned below.

- Creating awareness of personal finance framework.
- Awareness of pre-requisites for investing in securities markets.
- Understanding of precautions and awareness of risk involved while investing in securities markets
- Capacity building for evaluation of investment opportunities in securities markets.
- Awareness of employment opportunities in financial service industries.
- Creating awareness of self-employment opportunities viz. investment advisors or authorized persons of brokers.
- Empowerment of students for facing interviews with financial services industry employment opportunities.

4. Schedule of Training

5. Event Description

The training session for 10 hours, is arranged for all second-year students in the finance specialisation, in collaboration with National Institute of Securities Markets (NISM) and Kotak Securities. Under their campaign known as "Kona Kona Shiksha", the programme will include thorough sessions focusing on the value of investments and also to instil the fundamentals of financial education for young citizens over the course of three days. Mr. Rohit Warman, who was a esteemed speaker and the representative from NISM and Kotak Securities.

He had delivered the session in an very well manner and delivered eight comprehensive session as follows:

- Session I – Importance of Investment
- Session II – Financial Investment Opportunities
- Session III – Process & Pre- requisites to invest in Securities Markets
- Session IV – Investment in Primary Markets
- Session V – Investing in Secondary Markets
- Session VI – Introduction to Mutual funds and ways to invest in them
- Session VII – Precautions while investing in Securities Markets
- Session VIII – Career in Securities Markets

Money touches all aspects of our lives; without financial literacy, our financial decisions and actions lack a robust foundation for success. From saving for a comic book to planning for retirement, effective money management is vital for financial well-being. Mr. Rohit truly focused on the same aspect also to cultivate the basic financial skills in individuals from all walks of life, ranging from students to young investors, working professionals and retired personnel

Before the start of the session the pre test were conducted to observe the current knowledge of the securities and investment markets. Later, the

post test was also been conducted to assess the increment or enhancement in the knowledge to measure the impact of the training program.

6. Speaker's Profile

Mr. Rohit Waram

Founder & Principal Offer Quanti5

Rohit Warman is a qualified Chartered Wealth Manager, has 16 years of financial services experience. He is directly involved in real world finance in automation, fund raising and academia. On corporate financial service side, he is working as 'subject matter expert' for fintech projects in 'Asset Management' and Financial Modeler for Private Equity. He is also associated with SEBI (Securities and Exchange Board of India) as Securities Market Trainer for investor education program. On academia side, he is involved in training for US based finance program.

7. Student Pre and Post Trainning Assessment:

As NIMS is heavily invested in fostering excellence in regulatory practises among regulators and market participants, they purposefully encouraged our students who registered for the training programme to

take the before and post test to increase their capacity. The session began with a 10-point test based on broad market knowledge. Following the delivery of many topics (as listed above), on the last day, a post-test with a total score of 30 was given to determine the participants' level of financial literacy. The students are qualified to obtain a copy of the certificate if they attended the entire training session and achieved at least an 80 percent score on the post-test. The training was attended by the most students possible, all of whom earned certifications for finishing the programme.

8. Outcome of the training program:

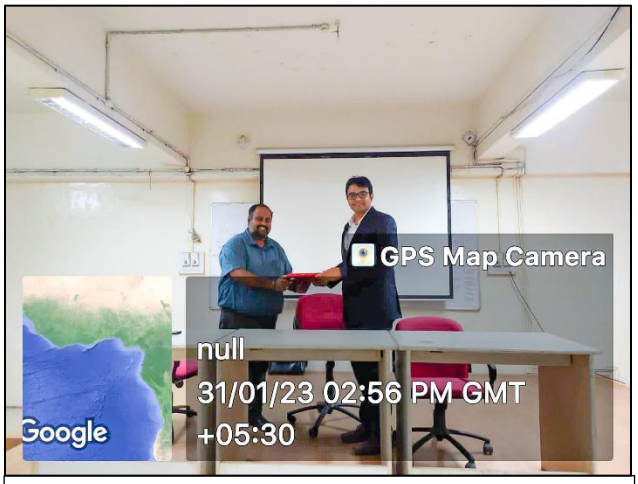

The course aims to give students a fundamental knowledge of different investment options and how to value those investments. Here are a few significant results:

- Understand different investment alternatives in the market
- Understand how securities are traded in the market
- Be able to analyze and price different securities
- Be able to manage a portfolio
- Understand basics in derivatives
- Generate the source of passive income

Notice for Advance MS Excel & Power BI Certification Course

Most employees today require a decent grasp of Excel, and higher Excel skills can lead to advancement and leadership opportunities. Excel is a strong tool, but it can't do everything by itself. To produce the finest outcomes for their company, a wise employee must make use of everything Excel has to offer.

In large corporation's finance departments data handling becomes a matter of minutes with the help of Excel. Instead of manually keeping the data in the books in order to reduce human error and improve efficiency Excel is used which also helps in simplified data interpretation. In Marketing department Excel can be used to track sales, list ad words, prepare budgets, schedule strategies and plans of action, track market trends, and calculate sales volume, creating blogs calendar, analyzing customer preferences and sales data for efficient decision making. In HR department database systems such as Oracle (ORCL), SAP (SAP) can be used to manage payroll and employee data, exporting that data to Excel allows users to spot trends, summarize expenses and hours by pay period, month, or year, and gain a better understanding of how your workforce is distributed by function or pay level. In Operations department excel helps in avoid avoiding overstocking or crunch on specific items, keeping track of supplier and customer transactions, putting together a calendar of important dates, and managing time and schedules.

For further enhancing employability of the MBA students Sankhya Excel(OPC) Pvt Ltd which has a proven track record of conducting certification courses for MBA and Engineering students across Maharashtra is offering" Advance Excel & Power BI Certification Course" to selected MBA Students. The objective of this certification course is to improve understanding of Advance Excel, business intelligence and data visualization, hence enabling students to sort and analyze the data in order to make business decisions.

Date of commencement of certification course: 16/01/2023 (Tentative date)

Total Duration: 30 Hours (Advance Excel Certification), 30 Hours (Power BI Certification) and 60 Hours (for both Advance Excel & Power BI Certification)

Batch Size: 40 Students

Fees: Rs. 2000 for Advance MS Excel certification, Rs. 6000 for Power BI certification and Rs. 7000 for both Advance MS Excel and Power BI certification Course.

Sankhya
UPSKILLING
SYNTHESIZING KNOWLEDGE

LEARN ADVANCED EXCEL AT SANKHYA UPSKILLING (OPC) Pvt.Ltd.

Why Advanced Excel ?

As businesses are evolving and becoming more dynamic, Microsoft Excel has become an integral and leading tool for most organizations across the world. MS Excel is the cornerstone of each organizational function be it strategy, finance or accounting, HR, Sales etc. Each of these department works on complex spreadsheets representing financial results, budgets, forecasts, and plans required to make critical business decisions Microsoft Excel come with million rows of data and automate number crunching, but this popular spreadsheet software is capable of doing more than just figures.

Objectives of Advanced Excel Training :

- Participants will learn to how to simplify complex spreadsheets
- Enhance spreadsheets with templates, charts, graphics, and excel formulas and streamline their operational work.
- Use advanced functions of MS Excel to improve productivity,
- They will apply visual elements and advanced formulas to a worksheet to display data in various formats.
- Participants will also learn how to automate common tasks, apply advanced analysis techniques to more complex data sets, collaborate on worksheets with others

OUTCOMES :

Continuing to learn and hone your skill set is crucial to advance your career. Advanced Excel training focuses on a number of critical skills that can be utilized and valued in almost any position in a company. After training, you should be better able to:

- Visualize, manipulate, and evaluate the data.
- Create equations that can allow you to provide more data on vital company functions, such as workflow, project efficiency, financial projections and budgets, and even inventory levels and usage.
- Create an easy-to-read set of data that can be used by upper management to analyze current projects or situations in the company.
- Design spreadsheets that better organize data and provide a better picture of the information that is input.
- Read and comprehend spreadsheets and data from other departments, vendors, and customers.
- Provide answers and solutions to problems affecting the business by being able to interpret data at a more advanced level.
- Maintain, organize, and balance complex financial and inventory accounts.
- Create tracking systems for different departments and operations, including various workflow processes.

Who Should Attend ?

- Anyone who have basic knowledge of computer and knows English
- MS Excel is widely used in organizations across departments, basic understanding of the Microsoft Excel
- Important for employees at all levels across verticals (HR, Finance, Sales & Marketing). Grant Thornton Academy has also designed an advance level MS Excel program which is meant for people working on large spreadsheet and responsible for reporting and managing MIS.

Live Hands On Skills

: Microsoft Power BI Syllabus:

Power BI Course Module 01: Introduction to Self-Service Business Intelligence
(2 hours)
~ Self-Service BI
~ Power Pivot
~ Power Query

Power BI Course Module 02: Loading Data
(4 hours)
~ Loading Data in Power Pivot
~ Loading from SQL Tables
~ Loading from SQL Queries
~ Using Linked Tables
~ Loading from Excel
~ Loading from Text Files
~ Loading from the Clipboard
~ Loading from Reports

Power BI Course Module 03: Data Modelling
(2 hours)
~ Introduction to Data Models
~ Normalization and Denormalization
~ Star Schemas
~ Over Denormalization

Power BI Course Module 04: Introduction to Power Query
(1 hours)
~ Power Query Introduction

Power BI Course Module 05 Import Data into Power Query
(2 hours)
~ Import Data from Excel File
~ Import data from other files / folder

Power BI Course Module 06: Loading and Refresh
(1 hours)
~ Load data and refresh query when source data changes

Power BI Course Module 07: Data Transformation
(2 hours)
~ Column Transformation
~ Row Transformation

Power BI Course Module 08: In built transformation in Power Query
(1 hours)

~ Text Transformation
~ Numbers transformation
~ Date transformation
~ Conditional Column transformation

Power BI Course Module 09: Consolidate and Append Data
(4 hours)
~ Append data from Excel tables within same Excel file
~ Append / Duplicate / Reference multiple Queries
~ Import data from files in a folder
~ Import data from multiple excel files in a folder
~ List of files in folder
~ Changing file path for source data

Power BI Course Module 10: Merge Queries / Multiple Joins in Power Query
(2 hours)
~ Multiple JOINS in power query (Merge Queries)
~ Different Joins in Power Query
~ Cross Joins / Cartesian Product of Two tables

Power BI Course Module 11: Building blocks for M language
(2 hours)
~ Introduction to building blocks in M
~ Text functions in Power Query
~ Date functions in Power Query
~ Conditional Functions in Power Query

Power BI Course Module 12: Case Studies
(1 hours)
~ Self-Service BI
~ Power Pivot
~ Power Query

Power BI Course Module 13: Power Query Objects
(3 hours)
~ List as object and List functions in Power Query
~ Record as object and Record functions in Power Query
~ Table & other objects and Table functions in Power Query
~ Power Query Objects

Power BI Course Module 14: Project
(3 hours)

Report on Six Sigma Green Belt Certification Course

Batch Oct. 2021

Venue: Online/ Virtual

Director: Dr. Daniel Penkar

Platform Used: Zoom

Faculty Coordinator- Dr. K. M. Rahman

Duration: 24 hours

Speaker: G. K. Singh

Every year we have a Six Sigma Green Belt Certification Course at our Sinhgad College of Engineering Department of Management studies. This year though we are in a pandemic situation, School colleges are closed but still we have continued the teaching through digital platforms.

Due to the Coronavirus pandemic situation this year, we have arranged virtual Six sigma Green Belt Certification for the enrolled students.

Six Sigma Green Belt Certification Course is of 24 hours designed course. It has got segregated for 2 hours timed 5pm to 9.30 pm daily for 5 days for the students appearing for this Course. Total 33 Fresh student has appeared for this course irrespective of all the branches of Sinhgad Institute.

Mostly all the students have cleared this exam with good grades and marks. This time we have a Virtual teaching of this course so, the examination was also totally virtually containing 100 marks of M.C.Q. time allotted for every student for giving exam was 100 Minutes every single question has 1 minutes to answer.

Overall, the course was very good and designed and structured in easy way so that everyone can understand the basic concepts and points. All Study material were provided in E book, pdf, Video recordings format.

Activity Report

Activity Title	"Java Programming"	**Date &Time**	28th October 2021, 11am Onwards
Activity Category	ICT: Webinar	**Activity Venue**	G10
Participants	MCA I Sem I	**Numbers of Participants**	90
Name of the Organizing Institute	Sinhgad Institute of Management	**Faculty Coordinator**	Prof. Balchandra Doddi

Speaker:

Mr. Pavan Rathore
Ascentt, Pune

Purpose:

1. To enable the students to understand the core principles of the Java Language.
2. Use AWT tools to produce well designed, effective applications.
3. Students will be able to develop server-side applications by using database
4. Students will be able to design application by using Servlets, JSP, JDBC

Sinhgad Institute of Management have organized a webinar on Java Programming on Thursday, 28th October 2021 from 11am onwards at G10 (Ground Floor).

Sinhgad Institute of Management PUNE 411 041

Dr. Chandrani Singh
DIRECTOR, SIOM-MCA

Telefax : (020) 24356592 E-mail : director_siom@sinhgad.edu Website : www.sinhgad.edu

Points Discussed:

Mr. Pavan Rathore has covered all the aspects of the following mentioned topics and also shared his industrial experience with our students. The speaker also mentioned the industrial requirements from the fresh comers.

He has covered following points from his talk.

1. JDBC Drivers & Architecture
2. CURD operation Using JDBC
3. Connecting to non-conventional databases
4. Java Server Technologies, Servlet Web Application and its Architecture
5. Use of Servlet and JSP
6. Developing and Deploying Servlets
7. Handling Request and Response

Speaker:

Mr. Sudhir Kumar Panda
SIOM, Alumni

Purpose: To learn how to crack the Aptitude test and interview.

In this pandemic situation it was not possible to take offline classes, that's why our college Sinhgad Institute of Management, Vadgaon (Bk.), Pune arranged a "Technical Aptitude Training" program. The training was conducted by Mr. Sudhir Kumar Panda under the guidance of Dr. Chandrani Singh, Mr. Khilari sir. The mode of training was online which was held on 28th July 2020 to 4th September 2020 from 9 am to 12.30pm. The main purpose of this program was to learn how to crack the Aptitude test and interview. It was very well planned program and many students learnt as well as enjoyed a lot.

A team of Training & Placement Cell and around 130 students were present at the online training. Mr. Sudhir Kumar gave a lecture on how to crack the aptitude test and technical round. He gave some tips

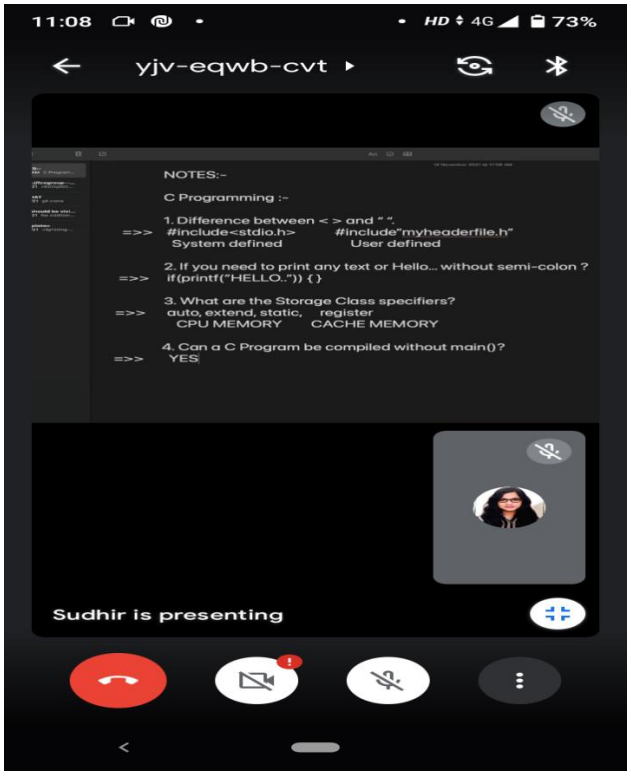

Sinhgad Institute of Management PUNE 411 041

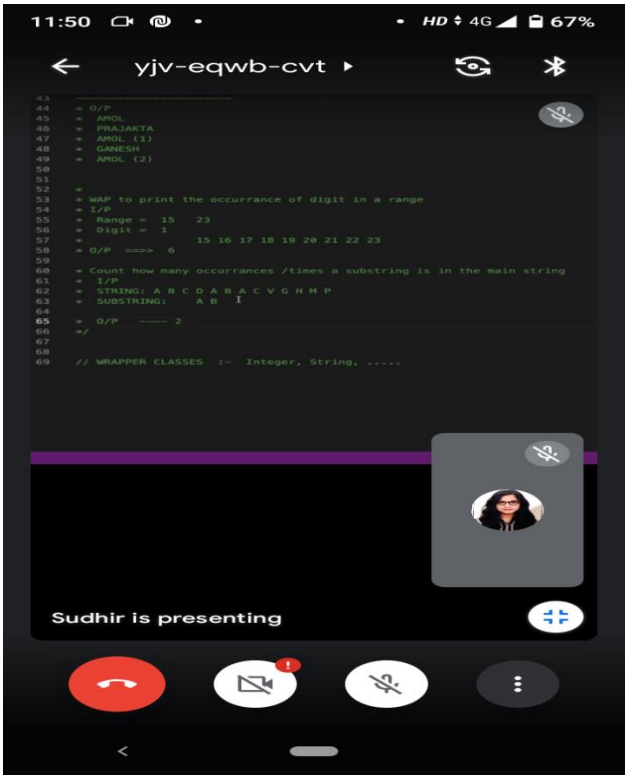

Dr. Chandrani Singh
DIRECTOR, SIOM-MCA

about how to get placed in any company. Mr. Sudhir sir taught java with the help of some important programs. After that he gave some assignment programs. The students enjoyed the session.

At the end of the programe was approaching, there was a sense of satisfaction on the faces of students. Mr. Sudhir sir appreciated all those who participated in the training programe.

Purpose: To learn how to crack the Aptitude test and interview.

An aptitude is a component of a competency to do a certain kind of work at a certain level, which can also be considered "talent". From this activity we can prepare our students for placement process.

A Recruitment Aptitude Test is:

• A written test generally designed to assess a student's logical and critical reasoning, numerical problem solving skills and language ability.

• Sometimes also used to assess specific knowledge in a particular field, such as computer knowledge for computer programming work.

Activity Title	Six Sigma Certification-Basic	Date & Time	23 Aug 2018
Activity Category	Operation and Suppy Chain Management	**Activity Venue**	Conference Hall
Participants	47	**Numbers of Participants**	47
Organization Name	Sinhgad Institute of Management	**Faculty Coordinator**	Dr. Sanmath Shetty

Every year Sinhgad Institute of Management Pune conducts a Lean Six Sigma Basic Certification Course at our Institute for the Management and Engineering students of Pune. Six Sigma is a methodology that helps improve business process by using statistical analysis. It is data driven and highly disciplined methodology and approach that ensure elimination of defects in any type of business or organizational process. This year Lean six sigma Basic was started on 23rd AUG 2018 at Sinhgad Institute of Management, Vadgaon (Bk), Pune. Before starting the event welcome ceremony was organized by lightening the lamps. The keynote speaker was G K K Singh International Trainer & Consultant for Lean 6 Sigma, Kaizen, Lead Mgt
Trainer Asian Institute of Quality Management. During the session, there was good interaction among the students and the trainer related to the queries of students. The details of this year's program is as below.

Speaker: G K K Singh International Trainer & Consultant for Lean 6 Sigma, Kaizen, Lead Mgt Institute of Quality Management Pune Event Coordinator: Dr. Sanmath Shetty , Associate Professor, Sinhgad Institute of Management, Vadgaon (Bk), Pune Basics Certification Course . The course was conducted on 23 Aug 2018 from 9.00 am to 5.30 pm through offline mode. Total 42 students have appeared for this course from different Institutes. MCQ test was conducted on 24th June 2023 regarding assessment, evaluation and grading of students. As this time we have conducted this course through offline mode. So the examination was also conducted through offline mode comprising of a 100 marks MCQ test.

Time allotted to answer to the students for solving the test paper was 100 minutes. Mostly all the students have cleared this exam with good grades and marks. As per the feedback of participants, the course was appropraitely designed and structured in easy way so that everyone can understand the
